Withdraw Process

If parents choose to withdraw their child, they must do so officially by completing the Withdrawal Notification Form and designating a last day of attendance.

- A copy of the form is located in the back of the Parent Handbook and is also available in the Main Office.
- Parents will need to give at least **two weeks** advanced notice. If the school does not receive notice, then we will continue to bill tuition until we have received proper notice, including the last day of attendance.
- In the event that a family withdraws their child during the first 10 days of the month, tuition will be prorated. If a family withdraws their child after ten days, tuition for that month is paid in full.
- In the event that you withdraw your child from SLCC for any portion of the school year and you have registered for the following school year, tuition will be due for those remaining months unless the placement can be filled by SLCC through the enrollment of another child.
- In the event that the tuition is not paid for those remaining months, and the placement is not filled, you will forfeit your child's placement for the following school year.
